

RVC Health Radio Script

TITLE: Mother/Daughter Walk

SFX: "Crunchy" footsteps on gravel or trail, birds - nature sounds throughout up to V/O.

DAUGHTER: Mom, I can't tell you how much I enjoy going on these walks with you. I really missed them when you weren't feeling well.

MOTHER: You and me both! I was just tired all the time, had no energy...

DAUGHTER: (Laughing)... and now I can hardly keep up with you.

MOTHER: Well, I think going to RVC Health for my dialysis treatment has made all the difference. I am so glad you recommended them.

DAUGHTER: Dad and I wanted you to have the best treatment you could get and I'd heard such great things about them.

MOTHER: And it was all true. The clinic is comfortable, they've got the latest equipment and the staff has given me all kinds of advice about diet and exercise. At first I was kind of surprised by how much they care about my whole lifestyle, not just my dialysis, but it's really helped me get back to all the things I love doing.

DAUGHTER: You seem a lot happier.

MOTHER: And I'm probably in the best shape I've ever been, too.

DAUGHTER: (*Sounding a little out of breath*) Yeah, about that – can we take a break for a minute?

MOTHER: *(Laughs as her voice fades, getting further ahead of her daughter)*
C'mon girl, you gotta keep up!

V/O: RVC Health. When you want to make sure the ones you love get the very best out of life and their dialysis care.
